

## LEPROSY QUESTION ALREADY THREATENS

Several Bills Dealing  
With Mai Paka  
Introduced

HOUSE OF REPRESENTATIVES

Third Day—Afternoon Session.

The ever present leprosy question has cropped up thus early in the present session of the legislature, and even though J. Lor Wallach, who dramatized the last session with his female rock and dried worm comedies is gone, the prospects are that the subject is one that will be nearly as much agitated as it was in 1927.

Several leprosy measures were introduced into the House yesterday afternoon. The most important of these was presented by Representative Huddy, his bill being the administration measure outlined by Governor Peary in his biennial message. This provides that treatment rather than segregation shall be the keynote of the administration's policy in dealing with those afflicted with this terrible disease, and provides for the erection and maintenance of suspect hospitals on the various islands where those thought to have leprosy may have the benefit of treatment until it is ascertained that nothing can be done for them.

Another measure dealing with this troubled subject was announced by Furtado, who gave notice that he would introduce a bill providing for the treatment by persons other than licensed physicians of persons afflicted with a declared disease.

A bill to establish the initiative and referendum and the recall was introduced by Furtado. Important as this measure is, the interpreter was stumped. He could not translate the words "initiative and referendum" into Hawaiian, and the speaker also confessed that it was beyond him. Finally the obstacle was surmounted by the interpreter's explaining in Hawaiian what the effect of the act would be.

Like gave notice of the introduction of a bill to create the office of Registrar of Deeds in the counties of Hawaii, Maui, Kauai and the city and county of Honolulu, defining their powers and fixing their salaries.

Hilo gave notice that he would introduce a bill to procure statistics relative to name owners engaged in agriculture.

**Income Tax.**

Kaulawa proposed a bill providing for a graduated income tax.

Kama had a bill to repeal Section 1917 and 1918 Revised Laws, relative to the manufacture of poi.

Kamahu introduced a bill that would provide for the exemption from execution sale of a homestead occupied by a debtor and his family.

A petition signed by 29 citizens was presented asking for an appropriation of \$6,000 for a government road from Lokoika to Laeae, at which latter place the Federal light-house is to be located, in the district of South Hilo.

Nawahine gave notice of the introduction of an act creating the office of Transportation Commissioner.

Kaulawa presented a resolution to appropriate \$1,000 for a one-room school building at 15 Miles Oia.

Kawewehi wanted \$2,000 for the construction of a jail at Kailua.

An administration bill introduced provides that all money arising from the agricultural and industrial pursuits at Lahainaluna School and the Boys' Industrial School at Waialea, shall be used for the maintenance of those schools.

**Invite Congressmen to Come.**

A concurrent resolution was presented by Castro to the effect that in the name of the people of this Territory a cordial invitation is extended to the members of Congress to visit Hawaii during 1933 and that the Delegate to Congress be requested personally to extend this invitation to the Congressmen.

A juvenile court bill which was presented provides for the establishment of juvenile courts along the lines upon which such courts are established on the mainland. Actions in this court shall not be of a criminal nature, the

## MOTHER BELIEVES IN PE-RU-NA.

Mrs. K. Kane, of Chicago, Uses Pe-ru-na in her family of five children, Grace, Myrtle, Edward, Reeves and George.

GRACE

Pe-ru-na in the Home.

After all, experience is the best teacher. Some doctors may write in favor of Pe-ru-na. Other doctors may write against it. But it is the testimony of the mothers and fathers who are rearing families, who love their children, who must economize as to doctor bills, who are raising little boys and girls into men and women of the future, it is the testimony of such people that really counts.

There is no way to positively ascertain how many families in the United States rely upon Peruna for the many climatic ailments to which the family is subject. The number must be a great one. Several millions perhaps. They have learned how to use Peruna for ordinary ailments, and in that way are guarding their homes against more serious diseases.

Such ailments as coughs and colds, sore throat and catarrh, croup and colic, indigestion and loss of appetite, anemia and nervousness, all these ailments are promptly relieved by a few doses of Peruna at the right time.

Millions of provident mothers and fathers are guarding the interests of the home by using Dr. Hartman's great remedy, and profiting by his medical booklets and personal advice.

MYRTLE

Catarrhal Croup.

Few people realize how frequently croup is caused by catarrhal congestion of the throat. Probably nine cases out of ten of croup are of the catarrhal variety.

The medical profession recognizes three forms of croup. The spasmodic variety, membranous croup and catarrhal croup.

Nearly every case is of the catarrhal variety, and a few doses of Peruna taken at the first appearance of the catarrhal symptoms are generally sufficient to avert the attack of croup altogether.

Croup is a frightful disease. No disease of children so alarms the household.

GEORGE

## A HEALTHY FAMILY

Kept the Children Well.

Mrs. K. Kane, 196 Sebor St., Flat 1, Chicago, Illinois, U. S. A., writes: "Peruna has been used so long in our family that I do not know how I could get along without it."

"I have given it to all of my five children at different times when they suffered with croup, colds and the many ailments that children are subject to, and am pleased to say that it has kept them in splendid health."

"I have also used it for a catarrhal difficulty of long standing, and it cured me in a short time, so I have every reason to praise Peruna."

It is impossible to estimate how many homes have been protected against croup by the proper use of Peruna.

**Household Remedy.** There is no remedy in the world which has proven so popular for catarrh as Peruna. It has been used for more than thirty years and relieved thousands of cases, as proven by our testimonials.

In the early history of this country every family had its home-made medicines. Herb teas, bitters, laxatives and tonics were to be found in almost every house, compounded by the housewife,

sometimes assisted by the apothecary or the family doctor.

Furnishing medical compounds direct to the people, through the druggists, is simply the extension of the practice begun by the people themselves.

**Nervous System a Wreck.** John G. Hurdler, Garfield, Kansas, U. S. A., writes: "On December 2, 1899, I was injured by a fall on the Santa Fe R. R., and my entire nervous system was impaired by the same. The help of a physician was useless. I believe I tried every one in the vicinity, but all were

FATHER AND CHILD.

MR. J. M. STANSBERRY AND DAUGHTER

Catarrh of Stomach.

Mr. John M. Stansberry, Amarillo, Texas, U. S. A., writes: "For several years I had catarrh of the stomach. I was hardly able to do anything, and could not eat with any satisfaction. When I commenced using Peruna, I weighed only 110 pounds, took six bottles, commencing in the spring, and by the following winter I had gained 63 pounds. I owe it all to Peruna. It cannot be praised too highly. I am forty-five years old, and my occupation is that of architect and builder."

"I was afflicted for over seven years with catarrh of the head, throat and digestive organs. I consulted many physicians, but they did me no good."

"One day I happened to read some testimonials in your Peruna almanac. I decided to try Peruna and Manalin. I bought a bottle of each and after taking them for a week, I noticed a change for the better. So I kept it up and after using twelve bottles I was perfectly cured. I also gave the medicine to my children and they had the same beneficial result. I would never be without these remedies in the house."

"I highly recommend Peruna and Manalin to all my friends, and, in fact, to everybody."

Thousands of families have learned to trust and believe in Dr. Hartman's judgment, and to rely on his remedy, Peruna.

Mrs. Aline DePasse, 776 E. 165th St., New York, N. Y., U. S. A., writes: "It gives me pleasure to testify to the curative qualities of Peruna and Manalin."

The following wholesale druggist will supply the retail trade: BENSON, SMITH & CO., Honolulu, Hawaii

**HILO CASE TO FORM PRECEDENT**

Hilo, Feb. 16.—At the Circuit Court, before Judge Parsons and a jury, a case that has aroused a good deal of interest in Hilo has been decided. This was the ejectment suit, Laevica vs. Mary Fahr, the hearing of which has occupied some time. Although the matter in dispute had reference only to a small strip of land, the principle involved affects a much larger area and the boundaries of land in which a number of people are interested. After hearing C. S. Smith for plaintiff and C. Le Blond for defendant, the jury found for plaintiff. This decision will, it is said, form a precedent on which a case now pending in the Land Registration Court at Honolulu is pretty sure to be decided.

**Conscientious Druggist.**

About a year ago E. A. Sodergren, a druggist, wrote us from Callaway, Nebraska, that he had a serious case of kidney disease and that his physician did not offer him much encouragement. He desired to put Fulton's Renal Compound in stock for his own case and if he got results he would sell it to others. He wrote several times for advice, showing a very obstinate case. He now writes: "It is now ten months since I began using the compound, and although my case has been very obstinate, it seems to have finally yielded to the treatment. I have no doubt results would have been obtained sooner had I not kept at work."

(Due to the results obtained in this case our agencies were promptly accepted in Callaway and the adjoining town.) Simply another case of kidney trouble in which the inflamed kidneys refused to respond to the futile old-time kidney cures, and that after all else had failed, yielded to Fulton's Renal Compound, the first and only emollient for inflamed kidneys. Inflammation of the kidneys, even in its advanced form, is now curable. Send for literature.

**LOW IS APPOINTED ASSISTANT CLERK**

Senate Postpones Hearing On Coelho's High Bill

Senator Brown's motion to amend certain rules in order to appoint an assistant clerk, who shall also act as Hawaiian interpreter, started an argument going at yesterday afternoon's session of the Senate.

The Senator stated that he could not understand much English and wanted to get such an official immediately. He proposed the name of Geo. Low and Senator Quinn proposed Van Gieson.

On a vote being taken, Low was elected, he received eight votes and Van Gieson six. Low, before the adjournment was sworn in by President Smith.

Senator Coelho's bill relative to prohibiting foreigners from fishing within three-mile limit of the Territorial sea coast, was taken up for consideration. Coelho, in order to expedite matters, stated that he had asked the opinion of the Attorney General; but had received no reply. He said that he therefore wrote to the Attorney General of the United States.

He asked that the consideration of the bill be deferred until December 10. McCarthy seconded the motion.

The Senate then went into executive session to consider the Governor's recess appointments.

**EVENING IN SYRIA PALESTINE AND EGYPT**

This is what the audience at Central Union Church will spend tomorrow at 7:30 p. m. The gentleman who will carry them thither is Hon. Milton Reed, one of the most fascinating speakers whom Honolulu has attracted in a long time. Mr. Reed hails from Fall River, Mass., and is in large demand throughout New England, to tell in his delightful way the experiences of his trip to the Levant, where he enjoyed unusual opportunities of seeing the inside of things. The public are invited to attend.

## "Copy," The Soul Of Advertising

"COPY" is the soul of advertising. Advertising space, without good "copy," is like a wooden Indian in front of a cigar store; it locates the store, but does not say anything.

Even the smallest country merchant no longer fills his space with flapdoodle about the "best goods in town at lowest prices." He knows that merely buying space is not advertising; and, having paid for the space, ordinary business sense counsels him to make it yield profitable returns.

This can be done only through copy that is honest, sincere, and convincing. Anybody with money can buy space in a paper, but very few can write the copy that pulls business.

Writing advertisements is our business, and we have made a study of it, as every man must do of his own business. We know how to write paying ads. Let us hear from you about your ads.

We'll charge you nothing  
For a consultation.
